SUMMARY

As a seasoned front-end developer with extensive experience working with HTML, CSS, PHP, JavaScript, React, and NextJS. I am skilled at creating visually stunning and intuitive websites and web applications. I have a deep understanding of responsive design principles, cross-browser compatibility, and web performance optimization, and have a proven track record of delivering high-quality projects on time and within budget.

PROFESSIONAL EXPERIENCE

Web Tech Lead

rad Pvt.

06/2022 - Ongoing

- Developed, and maintained responsive and functional landing pages, websites, dashboards, and web applications using bleeding-edge technologies.
- Implemented user-centered design principles to create intuitive and engaging user experiences.
- Collaborated with cross-functional teams to ensure projects were delivered on time and to specification.
- Utilized modern web development tools and frameworks to optimize page load times and streamline user flows.
- Worked with clients and stakeholders to understand their needs and requirements, and provided recommendations on best practices and optimal solutions.
- Developed and maintained custom dashboards to provide real-time analytics and business intelligence insights to stakeholders.

Associate Manager Front-End Development

Legendsk

01/2022 - 05/2022

- Redesigned and rebranded the company's internal websites, resulting in increased business presence and traffic.
- Optimized web pages for fast loading times, improving the user experience and increasing page views and conversion rates.
- Supervised approximately 10 front-end associates.
- Leveraged JavaScript libraries and frameworks, such as jQuery and React, to build highly interactive and engaging user interfaces and streamline workflows.

Senior Front-End Developer

Legendsk

09/2020 - 01/2021

- As a front-end developer my role was to write and style the frontend components that meet the requirements of our mocks and fulfill user stories.
- Collaborate with team members and update or solve issues related to UI.
- Conducted performance analysis and optimization, including server-side caching and database optimization, to ensure smooth and efficient operation of websites.

STRENGTHS

★ Attention to detail

I am detail-oriented and meticulous in my work. I pay close attention to every element of the user interface, ensuring that it looks and functions perfectly.

★ Problem-solving

I am adept at troubleshooting and problem-solving. Can quickly identify and resolve issues with user interfaces and work collaboratively with other developers to find solutions.

★ Adaptability

I am adaptable and open to new ideas and technologies. Can quickly learn new skills and tools and apply them to their work.

★ Continuous learning

I am constantly learning and staying up-to-date with the latest technologies and trends in web development. Committed to staying current and bringing the latest best practices and techniques to my work.
